

Your Personal Home Inventory

With this file, you have a record of your property in order to help make an accurate insurance claim. The information will make a settlement faster and easier.

Keep this information in a safe deposit box or other safe place outside your home.

PRO TIPS:

- List every item of value in your home
- Include serial numbers for items that have them
- Update this inventory as you acquire or dispose of items
- Keep receipts with this document
- For antiques, jewelry, major appliances, and collector's items

PHOTOS:

- Take wide angle and close up shots
- A family member included in the picture helps to verify ownership
- Open closets and drawers to demonstrate quantity of clothing
- Ensure good lighting. If there is shine or reflective surfaces that create glare, hold the camera at a 45 degree angle
